Rae shows that there is such a thing as moral truth, that it can be known, and that it can be put into practice. Looking specifically at the areas of medicine, the marketplace, and public life, Rae demonstrates how foundational ethical principles can lead to moral day-to-day decisions. Informed by Scripture and appealing for a renewed understanding of the importance of the Christian faith in moral training, Doing the Right Thing issues a call for cultivated virtue that can bring about both better lives and a better society.
