## TEACHING MIDDLE SCHOOL WRITERS: WHAT EVERY ENGLISH TEACHER NEEDS TO KNOW (MIXED MEDIA PRODUCT)

Heinemann Educational Books, United States, 2010. Mixed media product. Book Condition: New. 234 x 188 mm. Language: English . Brand New Book. My whole goal with this book was to come at teaching writing from the angle that matters most: students perspective. They taught me what I needed to know to make this book live up to their passion for writing. -Laura Robb Adolescents have robust and rewarding writing lives outside of school that involve journals, emails, text messages, blogs, and an astounding array of genres. Unlike their personal reading lives that teachers frequently tap into, their personal writings typically exist under the curricular radar- that is until now. While grounded in the common schedule constraints and curriculum demands of middle school, Laura Robb s Teaching Middle School Writers offers teachers lessons and routines that are uncommonly attuned to adolescents developmental and social needs. As she taps into the energy and enthusiasm of adolescents personal writing lives, Laura presents: - writing plans that support first drafts- strategies for crafting leads that grab and endings that satisfy - grammar lessons that address writing conventions - editing lessons that have students revise their writing before the teacher reads it - guidelines for grading and responding to student work. Straight-from-the-classroom writing samples and videos give teachers the opportunity to see how Laura uses compelling questions and powerful mentor texts to teach writing, support struggling writers, and weave twenty-first century literacies into the writing curriculum. Throughout, teachers learn ways of connecting to students lives in order to bring out their best writing, their best self. Watch a video overview.
