

Basic experiment (inorganic chemical materials chemistry experiment specialty pharmaceutical colleges experimental series of textbooks)

By LIANG HUA DING

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 262 Publisher: Zhejiang University Pub. Date :2011-06-01 version 1. Contents: first a basic knowledge of chemistry experiment laboratory basics in Chapter 1 1.1 The purpose of chemical experiment and learning laboratory rules 1.3 1.2 1.4 knowledge of laboratory safety measures to deal with accidents laboratory general laboratory waste handling 1.5 Exercise 1 Chapter 2 Experimental results of data representation and processing of experimental error of 2.1 measured in the experimental data recorded with the deviation 2.2 2.3 experimental data and the effective number of processing and expression of experimental report writing requirements 2.4 Exercise 2. Part 2 inorganic chemistry experiment with the basic skills of operating in Chapter 3 the use of glassware and glass apparatus for heating operation 3.1 3.2 washing and drying techniques commonly used in heating and cooling 3.3 simple glass processing technology Problem 3 Chapter 4 4.1 Preparation of chemical reagents and laboratory water solution and preparation of specifications 4.2 specification and storage of chemical reagents of chemical reagents to access 4.3 4.4 4.5 Chemical reagent preparation Preparation and use of chemical test...

Reviews

The publication is easy in read through safer to comprehend. It is actually loaded with wisdom and knowledge Its been printed in an extremely simple way and is particularly simply right after i finished reading through this pdf where actually modified me, affect the way i believe.

-- Ms. Clementina Cole V

This is the very best publication i have got read until now. It is definitely simplified but shocks within the fifty percent of the pdf. You may like how the article writer create this pdf.

-- Rosario Durgan
