Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

Wipf Stock Publishers, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Christians form a worshipping community so learning how to worship is an important part of being a Christian. There is an important concern for practical relevance in the church today but worship should not be conducted in ways that are simply hip or trendy without first ensuring that they are also theologically well grounded. Pragmatic questions such as Does it work? or Is it relevant? must be preceded by the question Is it right? Some worship services have the look and feel of entertainment and the focus seems not to be on God or the Gospel but on the congregation and its assets and preferences. Behind every act of worship there are theological ideas but such ideas are not always well grounded in the story of what God has done in Jesus Christ This book is a brief introduction to Christian worship, surveying biblical and historical patterns of worship. It takes an ecumenical approach in introducing readers to a variety of worship practices across a range of Christian traditions. The place of music, symbols, sacraments and the church year are all considered. Not a How to book, it suggests, rather, how we ought to think about worship. The book does, however, include practical suggestions along the way on the basis that the best practice always arises out of a solid theological grounding; and includes a chapter on the construction of worship services. Though based on scholarly research, Christian Worship: A Theological and Historical Introduction is addressed to the interested general beginner, undergraduate student or participant in a small group study. It also serves well as an introductory liturgy text for both vocational and degree level studies...
