If you consistently picture the best, not the worst, happening to you, powerful forces will work to bring it about this is the central theme and message of this book. What is imagined in your mind tends to actualize itself. Thus, put imaging to work and your self-image will expand and grow, that is the sequence: first the germ of the idea, then the image of the idea, then the energy and determination to clothe it with reality and finally the triumphant reality.
