Reformation Press, United States, 2003. Paperback. Book Condition: New. 213 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.In an age awash in religious permissiveness, the Light of the World still is shining in a broad, grassroots movement that is advancing a stronger and more unified witness to orthodox Christianity within the historic mainline churches in North America. This movement is committed to raising the standard for Biblical truth within the various denominations and, far from withdrawing from the churches, are determined to stay and encourage one another in the struggle for renewal. Already, those engaged in this movement joyfully see that God is at work in bringing fresh vitality in worship, in preaching, new ventures in mission, the renewal of personal piety, an increase in enthusiastic discipleship, and a more profound embrace of God's concern for the poor. This volume, comprised of addresses from the historic Association for Church Renewal's Confessing The Faith conference, introduces the reader to the positive work of renewal taking place in North America.
